

MEDIA ALERT

CLINICOMP INTL. EXECUTIVE ALAN PORTELA TO ADDRESS EMR MANAGEMENT AT WEST 2010

WHAT: Alan Portela, president of [CliniComp, Intl.](http://www.clinicomp.com), the leading global provider of clinical documentation systems, will participate in a general panel session covering health information technology advances at [West 2010: Smart Power - Does the QDR Get it Right?](#), co-sponsored by the Armed Forces Communications and Electronics Association International (AFCEA) and the U.S. Naval Institute.

West 2010 is the largest event on the West Coast for communications, electronics, intelligence, information systems, imaging, military weapon systems, aviation, shipbuilding and more. With the goal of fully representing electronic medical records and wireless health as important components to maritime domain networking architecture, the Space and Naval Warfare Systems Command (SPAWAR) has joined with CONNECT San Diego, an organization that supports the growth of technology and life science businesses in San Diego, to create the two panel discussions.

PANEL DETAILS: Designed to be an interactive dialogue covering the current technology in use and emerging technology and trends in healthcare, the panel discussion will cover:

- Government guidance and initiative in budget and legislative actions
- Operational environment considerations
- Open challenges
