Essentris® | Every Patient. Everywhere.™

FOR IMMEDIATE RELEASE

CLINICOMP, INTL. INTRODUCES **MOBILE ESSENTRIS®**

*Company's Flagship Mobile App Elevates Safety Standards
and Functionality in Perinatal Care*

Available on Smartphones & Tablets

LAS VEGAS – HIMSS Annual Conference, CliniComp booth # 3060 – February 21, 2012 – [CliniComp, Intl.](#), the leading healthcare integration technology provider for high acuity environments, today announced the general availability of its **Mobile [Essentris® Perinata^l](#)**, pairing 30 years of innovation and *zero downtime* with the convenience and added safeguards of real-time Fetal

Surveillance & Maternal Monitoring mobilely. Through the Maternal/Fetal Status Board, clinicians can quickly identify patients in need of immediate care and view in real-time their fetal records to *document actions wirelessly*, drastically improving patient safety, all from the palm of their hand.

Mobile [Essentris® Perinata^l](#) is the first in a suite of mobile apps that CliniComp, Intl. plans to introduce to the marketplace in 2012, available for use on mobile devices such as smart phones and tablets. Mobility allows clinicians to interact with the complete EMR anywhere they are and is part of the new CliniComp [Essentris® Eco-System™](#). The CliniComp [Essentris® Eco-System™](#) will allow all devices, such as desktops, laptops, tablet and smartphone, to have a common user access to the complete CliniComp [Essentris®](#) EMR, starting with Perinatal. Through wifi or cellular, the mobile app features a convenient application that has doctors and other caregivers connected to CliniComp [Essentris®](#) EMR platform, seamlessly and securely.

"Mobile [Essentris® Perinata^l](#) is the next step in the evolution of innovation for the electronic medical record industry," said Chris Haudenschild, Chairman and CEO of CliniComp, Intl. "Our customers have told us that mobility is important to their success. We are committed to making these new and exciting capabilities of mobile healthcare within reach to all customers by extending the our complete inpatient EMR solutions to mobility -- fostering increased patient safety and quality of care, while maintaining the decades of reliability and security for which we are known."

CliniComp, Intl. will demonstrate the new *Essentris® Perinata® Mobile App* along with other Product Developments at the [HIMSS Annual Conference and Exhibition](#) booth #3060.

About CliniComp, Intl.

CliniComp, Intl. is a global provider of hospital-wide clinical documentation systems that improve the efficiency and safety of health care providers' highest-acuity workflows with a unique and unparalleled record of decades of absolute system uptime.
